

Fertilizer Shipments Survey, first quarter 2018/2019

Released at 8:30 a.m. Eastern time in *The Daily*, Wednesday, November 14, 2018

Shipments of other fertilizer products within Canada increased by 48 000 tonnes to 215 000 tonnes in the first quarter of the 2018/2019 fertilizer year (July to September), up 28.7% compared with 2017/2018. This category of fertilizer products has generally been increasing over time; this represents the fourth consecutive increase for a first quarter.

Canadian urea ammonium nitrate production reached 327 000 tonnes in the first quarter, up 27.0% compared with the same period a year earlier.
